Statement

Findings of Quick Study of JRY conducted by the Programme Evaluation Organisation (PEO) of Planning Commission

—

The Programme Evaluation Organisation (PEO) of the Planning Commission took up a Quick Study of JRY during 1991-92 in 10 major States viz. Andhra Pradesh, Bihar, Karnataka, Madya Pradesh, Maharashtra, Oriss. Rajasthan. Tamil Nadu. Uttar Pradesh and West Bengal covering 108 beneficiaries in 40 village panchayats of 20 districts. The samples size of quick study was thus very small as it represented only 0.02 per centat the village panchayat level. The main findings of the study were:

— The share of SCs/STs in employment generation was more than 50 per cent.

— The share of women in the employment generation was only 23-25 per cent at the district level and 15-18 per cent at the village panchayat level.

— The Yojana did not provide employment to the extent expected as the average number of days for which a person got employment was 11.44 days during 1989-90, 15.68 days during 1990-91 and 12.8 days during 1991-92 (upto September, 1991).

— Adequate attention was not given to the maintenance of assets.

— Some of the Village Panchayats did not utilise the funds provided to them.

— 89 per cent of the selected beneficiaries expressed that assets created were useful.

— The contractors were also engaged by some of the Gram Panchayats for execution of some works.

Per capita income of rural people

778. SHRI BHUPINDER SINGH MANN: Will the PRIME MINISTER be pleased to state:

(a) the per capita income of rural people of country in comparison to the national income in this regard;

(b) the number of rural people living below poverty line/subsistance level; and

(c) the efforts being made to ameliorate their nondition?

THE MINISTER OF STATE IN THE MINISTRY OF RURAL AREAS AND EMPLOYMENT (DEPARTMENT OF RURAL DEVELOPMENT): (SHRI UTTAMBHAI PATEL): (a) Per capita Net Domestic Product of rural people in 1980-81 at current prices was Rs. 1245 as compared to Rs. 1625 for all people.

(b) The latest estimates or the number of people living below poverty line are based on the quinquennial survey on household consumer expenditure conducted by the National Sample Survey Organisation during 43rd Round (1987-88). Based on these estimates, 33.4 percent of the rural people lived below the poverty line.

(c) In order to ameliorate the conditions of people living below the poverty line in rural-areas, the Government of India have been making
